

OpenSesame® Plus

Get unlimited access to the training courses you need - all for one low price

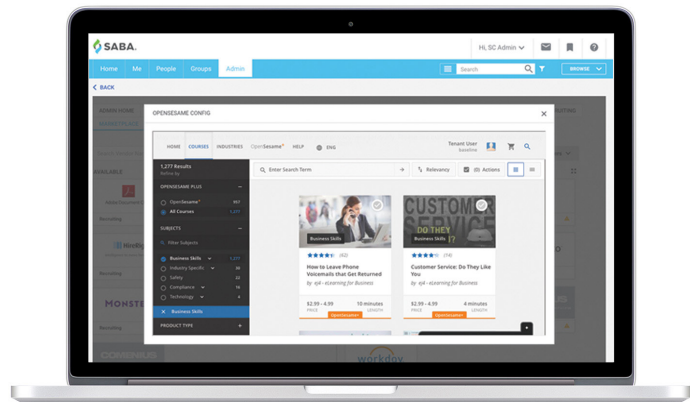

Whether you need training for a small group or your entire enterprise, it can be challenging to manage an effective training program that fits your budget. OpenSesame Plus enables you to unlock and deliver a broad range of courses without the burden of managing multiple systems or providers.

- **Easy to implement**
- **Mobile accessible**
- **Courses from world-leading publishers**
- **Highly rated by users**

OpenSesame Plus provides unlimited access to 6,000+ highly rated courses at an affordable price including leadership and soft skills, HR compliance and safety, technology and software skills, and industry specific topics.

Ideal for businesses with a broad range of learners and training needs:

- Access our 20,000+ course catalog to add even more to your OpenSesame Plus subscription.
- Simplify your procurement process with all courses and certifications for skill development in one place.
- OpenSesame courses are compatible with both Saba Cloud and Halogen TalentSpace, so purchasing and deploying courses is easy.
- Easily access Saba Support for responsive, knowledgeable help

Instantly connect learners with engaging OpenSesame® content through Saba Cloud or Halogen TalentSpace

Saba offers a radically different approach to talent management. Instead of starting with technology, we focus first on an organization's vision and culture. Once we understand their needs, we provide people-centric solutions around performance, learning, and engagement that help them work, learn, and grow together to build a thriving future for the organization. *Saba. United We Thrive.*
